DESCRIPTION :

FeRRun Syrup contain the new generation haematinic, iron (II) Hydroxide Polymaltose complex which is superior to iron salt such as ferrous sulphate and fumarate. Iron polymaltose is a non ionic polynuclearferric hydroxide complex.

INDICATIONS:

FeRRun Syrup is indicated for the treatment of iron deficiency anemia, pregnancy anemia, prevention of iron deficiency before, during and after pregnancy and during breast feeding, post operative convalescence and to cover the recommended daily dietary allowances (RDA) during pregnancy, breast feeding and in growing children.

CONTRAINDICATIONS:

Hypersensitivity to any of the ingredients in the formula.

DOSAGE:

Adults: 5 ml to 10 ml twice daily.
Children: 2.5 ml to 5 ml twice daily or as directed by the physician.

DRUG INTERACTIONS :

FeRRun Syrup may affect or be affected by other medicines. Consult your doctor or pharmacist before using FeRRun Syrup, if you are taking any of the following medicines, Tetracycline or quinolone antibiotics, antacids, h2 blocker, proton pump inhibitors, carbamazepine, phenytoin, non steroidal anti-inflammatory drugs, sulphasalazine, triamterene, birth control pills, methotrexate, cholestyramine, colestipol, amiloride, ace inhibitors, cisplatin corticosteroids, cyclosporine, penicillamine, thiazide, diuretics cimetidine, Colchicines, para-aminosalicylic acid, neomycin, potassium chloride, biguanides and methyl dopa.

SIDE EFFECTS:

FeRRun Syrup is generally well tolerated. However a few side effects of oral iron preparations such as nausea, vomiting, constipation or diarrhea may occur in a few patients. Other side effects can occur due to allergic reaction to any of the active ingredients or excipients. These may include rash, itching, swelling, dizziness or trouble breathing. If you notice or other effects not mentioned above, stop taking this medicine and contact your doctor or pharmacist immediately.

OVERDOSE:

In case of overdose, neither intoxication nor iron overload have been reported, however, it is recommended to contact your doctor or pharmacist immediately in case of overdose.

STORAGE:

Store in a cool, dry place below 30°C. Protect from light.

PRESENTATION OF PACK
